Trusted Source for- All Pharma/Laboratory Supplies !
|Accelerate Innovations | Facilitating solutions |Catalyzing Change|

About Us

"Pharma-Sources LabTech" is an women empowered initiative and "one stop solution" to cater industries, academics and healthcare sector needs for their sustainable Innovations. Laboratory consumables and instruments for wide range applications in Pharma/Analytical and Chemical manufacturing.

Experienced Technocrats with more than two decades of Pharmaceutical Industry experience are decided to provide the solutions through **"Quality Supplies"** for innovative growth. We deal with **Chemical, Pharmaceutical, Analytical and Bioanalytical** laboratory accessories, **Scientific instruments, and Laboratory consumables** by representing and partnering with Global Leaders.

Also, Providing **"Technical expert solutions"** for **"Product development"**, **"Quality & Compliance /Audits"**.

What we do

Chromatography/Spectrometry/Analytical/Thermal-New & Refurbished Equipment

Lab-Consumable/Chemicals Solvents/Chromatography accessories

Reagents/Standards/Glassware & plasticware

Technical & QMS Document Support

Trainings & Talent Management

One Stop Solution

Our Mission

To provide high-quality products and assure your compliance through innovative, reliable quality and technology solutions.

Our Vision

To be the one stop solution accelerating your journey towards innovative and sustainable growth.

Our Scientific principles & Core Values make us apart from others

Making a Difference

Our dedication to excellence in on-time delivery and prompt customer service

Quality Matters

Committed to delivering excellence in every product, process, and service

Keep it Human

Collaborate with empathy, transparency, and authenticity, people are at the heart of what we do

Go Beyond

Push boundaries to ensure superior quality, compliance, and continuous improvement

PRODUCTS

High-quality pharmaceutical, laboratory consumables, instruments, chemicals and more for every need.

TECHNICAL SUPPORT

Expert guidance, validation, calibration and compliance assistance to ensure quality and regulatory excellence.

ONE-STOP SOLUTION

End-to-end solutions for pharmaceutical and laboratory needs – Products, Support and Services under one roof.

Analytical Instruments

Our diverse portfolio of high-quality product categories tailored to meet the evolving needs of modern laboratories. We deal with **New and refurbished** as per customer requirements with complete technical and instrument lifecycle management.

Cleanroom Equipment & Accessories

Manufactured in compliance and quality standards, ensuring reliability, regulatory compliance.

Comprehensive portfolio of pharmaceutical laboratory and cleanroom solutions, including Clean Room & SS Furniture, GMP Change Parts, SS Vessels, LAF Units, Glove Boxes, Dynamic Pass Boxes, Dispensing Booths, Dissolution Bowl Trolleys, Anti-Vibration Tables, HPLC Stands, Vacuum Desiccators, ASTM Sieves, Fume Hoods, and Biosafety Cabinets.

Custom-engineered fabrication solutions designed to enhance laboratory efficiency, process safety, operational productivity, and long-term compliance with pharmaceutical industry requirements.

Laminar Air Flow Cabinet

Biosafety Cabinet

Pass Through Chamber

OUR TRUSTED BRANDS

At **Pharma Source LabTech**, we partner with organizations throughout their quality and innovation journey, combining scientific expertise, regulatory excellence, and practical industry experience to deliver sustainable, compliant, and future-ready solutions. From laboratory establishment and quality systems to technical consulting and workforce development, we help organizations achieve operational excellence with confidence.

Integrated Quality Systems & Scientific Consulting

- Quality Management Systems (QMS) Implementation
- GMP, GLP & GDP Compliance Support
- Risk-Based Quality & Regulatory Consulting
- Audit Readiness & Inspection Support
- CSV, Validation & Qualification Services
- Scientific Consulting for Analytical, Formulation & Synthesis Projects

Building Skills & Training Excellence

- cGMP & Regulatory Compliance Programs
- Technical & Scientific Skill Development
- Leadership & Capability Building
- Competency Mapping & Career Development
- Customized Corporate Learning Solutions
- Hands-on Workshops & Professional Certifications

Your Trusted Partner for End-to-End Laboratory, Quality & Technical Solutions.
